

Dear Hiring Team,

I am writing to express my interest in the Senior Research Project Manager position within the Director's Department (Reference: 390_26_DIR_PMid_PMO) at the Barcelona Supercomputing Center (BSC-CNS). My background encompasses the full lifecycle of international research and cooperation projects, EU funding acquisition, and team coordination across academic, institutional, and private sectors.

In my work as an international consultant and former UNOPS staff member, I have designed and managed multi-partner projects funded by European programs, spanning proposal drafting, budgeting, execution, and closing. My experience directly connects with the key areas under the Director's Department:

- EU Funding & International Grants: Directing project design, grant writing, and administrative compliance for multi-country initiatives. Details on funded projects are available at https://www.massimogabellone.com/en/portfolio_fondi_internazionali_preview_en.html
- Academic & Higher Education Partnerships: Collaborating with universities and research institutions to integrate computational, cultural, and educational methodologies. Portfolio: https://www.massimogabellone.com/en/portfolio_universita_preview_en.html
- Business Development & Innovation: Structuring public-private cooperation and stakeholder engagements. Portfolio: https://www.massimogabellone.com/en/portfolio_cultura_business_preview_en.html

Having founded and directed "Nei Suoni dei Luoghi," an international initiative involving partner organizations across 8 countries, I am accustomed to managing project teams, workload distribution, and strategic planning across diverse cultural contexts. I am well-prepared to support the Heads of Area in Computational Social Sciences and Humanities, Innovation and Business Development, and Education and Training, as well as to recruit and guide PMO staff.

My complete background and main project references can be found at <https://www.massimogabellone.com/en/preview.html>

I am available to discuss how my technical and managerial experience aligns with the requirements of BSC-CNS.

Sincerely,

Massimo Gabellone

International Cultural Consultant | EU Project Designer | Steinway Artist
