

Dear Hiring Team,

I am writing to express my interest in providing expert consultancy for the EMSA project ("Joint Development, Piloting and Validation of Entrepreneurial Mindset and Key Skills curricula and training materials for third countries") under the Erasmus+ VET Capacity Building framework.

As an international consultant specializing in EU project design, funding management, and cross-border cooperation, my work focuses on establishing structured learning frameworks, capacity-building systems, and international stakeholder networks. My professional background includes service as a former UNOPS Staff Member and extensive experience managing cross-border projects involving institutions across Southern and Eastern Europe, the Western Balkans, and neighboring regions.

My experience directly aligns with EMSA's objectives of co-developing VET curricula, integrating the EntreComp and ERF competence frameworks at EQF Level 5, and implementing capacity-building activities for third-country partners. I can provide technical assistance in designing VET training modules, establishing validation mechanisms for non-formal learning, and facilitating master trainer workshops.

Selected relevant projects and institutional collaborations are detailed across my portfolio links:

- NGO & International Development Portfolio:

https://www.massimogabellone.com/en/portfolio_ngo_preview_en.html

- Higher Education & Academic Cooperation Portfolio:

https://www.massimogabellone.com/en/portfolio_universita_preview_en.html

- General Overview: <https://www.massimogabellone.com/en/preview.html>

Based in Tirana, Albania, I am available for project-based contracts, expert technical consultancies, and remote or short-term missions to support MMC Learning Solutions and project partners in the successful execution and validation of these VET curricula.

Thank you for your time and consideration.

Sincerely,

Massimo Gabellone
